2 Net Operating expenses are Operating expenses less bad debts written off, net of bad debts recovered and transfer to provision for doubtful debts.
Underlying Operating expenses are Net Operating expenses less goodwill amortisation.

3 Income tax expense in 1999 is impacted by the abnormal adjustment relating to the change in tax accounting method adopted in relation to general provision for doubtful debts - see notes 4 and 5 below.

The abnormal adjustment to General Provision is a reduction to reflect the change in tax accounting, whereby movements in the general provision will be treated as a permanent difference, rather than a timing difference. Following this change, there is no longer an FITB in relation to general provisions and the actual balance can be less and still achieve the APRA preferred level of $0.50 \%$ of RWA (net of FITB). Bendigo Bank is committed to progress toward a general provision of $0.50 \%$ of RWA.
