

Thank you, Bendigo.

Probuild Constructions is proud to deliver the new home of the Bendigo Bank. We thank our client, Bendigo Bank, and we thank the Bendigo community for making us welcome.

The Bendigo Bank project has been three years in construction and fitout. During this time, more than 1500 people have worked on the project, many drawn from the local community. We have established and enjoyed strong relationships with our Client, local suppliers and contractors, and together we have delivered an innovative, high quality project of which we can all be proud.

Thank you to everyone who has played a part, and congratulations to Bendigo Bank on the achievement of its vision for a world class, sustainable building that has set a new standard for Australian regional cities and the banking industry.

Probuild – delivering the sustainable environments of tomorrow, today.
